

All Patients and Visitors

In response to Coronavirus Disease 2019 (COVID-19)

- If you have flu-like symptoms including fever, cough or trouble breathing **PLEASE DO NOT ENTER THE CLINIC!**
 - Current medical patients who experiencing cold or flu-like symptoms may call our **Respiratory Illness Care Line at (414) 882-2040** to be assessed.
 - The care line is staffed Monday-Friday from 8am to 5pm.
 - The care line is only for patients who have a primary care provider at one of our clinics. We are not able to assist non-patients at this time.
- We are not a COVID-19 testing facility. There are strict guidelines in place identifying high-risk populations who qualify for screening. If you are not exhibiting severe symptoms, it is unlikely you will be eligible for COVID-19 testing at any health care facility, including hospitals.
- If you are immunocompromised or do not have an immediate health need, we recommend that you call us at (414) 935-8000 to reschedule your visit.
- Please limit the number of people attending appointments with you. Only registered patients will be allowed in clinical areas.
- Anyone seeking care at our clinics will be asked to complete a brief medical screening upon check-in. Answering these questions will help us determine the best plan of care for you.

If you are experiencing a medical emergency call 911.
